Revision Date:

The purpose of this document is to provide all Department Operations Manual (DOM) holders with information regarding the attached amendments to Chapter 4, Article 5, IT Standards.

Revisions to this article under Section 42020.6, Inmate Access to Computing, includes changing the title of the Article from "EDP" Standards to "IT" Standards. In addition, language has been revised to reflect that CDCR will no longer enforce the portion of language contained in Section 42020.6 which restricts CDCR inmates who have "computer expertise" from accessing institution computers. This language was also addressed in Chapter 4, Article 45, Information Security which was revised in November 2013 (Notice of Change to DOM 13-20) to align with current regulatory language in Title 15, Section 3041.3(c)(1).

Please inform all persons concerned regarding the contents of this notice, which shall remain in effect until it is incorporated into the next edition of the DOM. If you have any questions, please contact Steve Gilman, EIS at (916) 358-2106.
